Dear Sir/Madam,

Jain School is organising Science Exhibition in K.G.F. Taluk for enhancing knowledge and skill among the youth, to make them realize the interdependence of Science, Technology, Society, and also the responsibility of the scientists of tomorrow. Jain school has initiated this innovative platform with a visit to explore the surrounding resource to enable children to express themselves in the form of Projects, Materials and activities.

Objectives:

- To provide a forum to Nurture Science and Inventive interest from the surrounding environment and connecting new ideas to their existing ideas from materials and activities.
 - To explore and encourage scientific technology, talent and creative thinking among children and inculcate in them a sense of pride in their talent.
 - To develop an understanding about the role of science and technology to meet the needs of the society.
 - To analyse how science and technology have affected individual, cultures and societies. To motivate the youth that science and technology are instrument for achieving self-reliance insocio-economic develoment.
 - To encourage them as an architect of the nation and visualize future of the nation.
- To meet the above objectives, the science exhibition has under taken the following tentative theme.

Themes for Science Exhibition:

1. Smart tools/gadgets for differently abled people.
2. Swachh Bharat gadgets for Green India.
3. Arduino technology for smart India.
4. Innovative chemistry working models.
5. Resource management.
6. Microbes in our daily life.
7. Field of biotechnology for sustainable life.
8. Development in agricultural practice.
9. Mathematics models to prove theorem/identities.
